PRAYER FOCUS

Climate Change

SUN	Creator God we praise and thank you for the wonderful world you have entrusted to us, for the perfect symmetry of nature and every finely tuned detail which displays your greatness, love and power
MON	Forgive us Lord for the way in which we have taken earth for granted. We have allowed ourselves to be swept along with the majority, taking the easy, more comfortable route even when we know this may damage the treasures you have entrusted to us
TUE	Give us courage to change. Give us boldness to declare that change and even challenge others
WED	Convict of us of the areas of our lives which we need to revisit to honour you and benefit your creation then help and strengthen us to act
THU	Thank you for those who do fight for change and challenge those in positions of power and privilege. Help us to support them
FRI	We pray for those whose lives are already being impacted by climate change, those suffering flood or drought and whose livelihoods and very existence is threatened. Show us how to help them
SAT	Pour out your wisdom on our leaders, those in positions of power. Help them to have the courage to make difficult choices, help them to come together in unity for the good of our planet
